

第一步

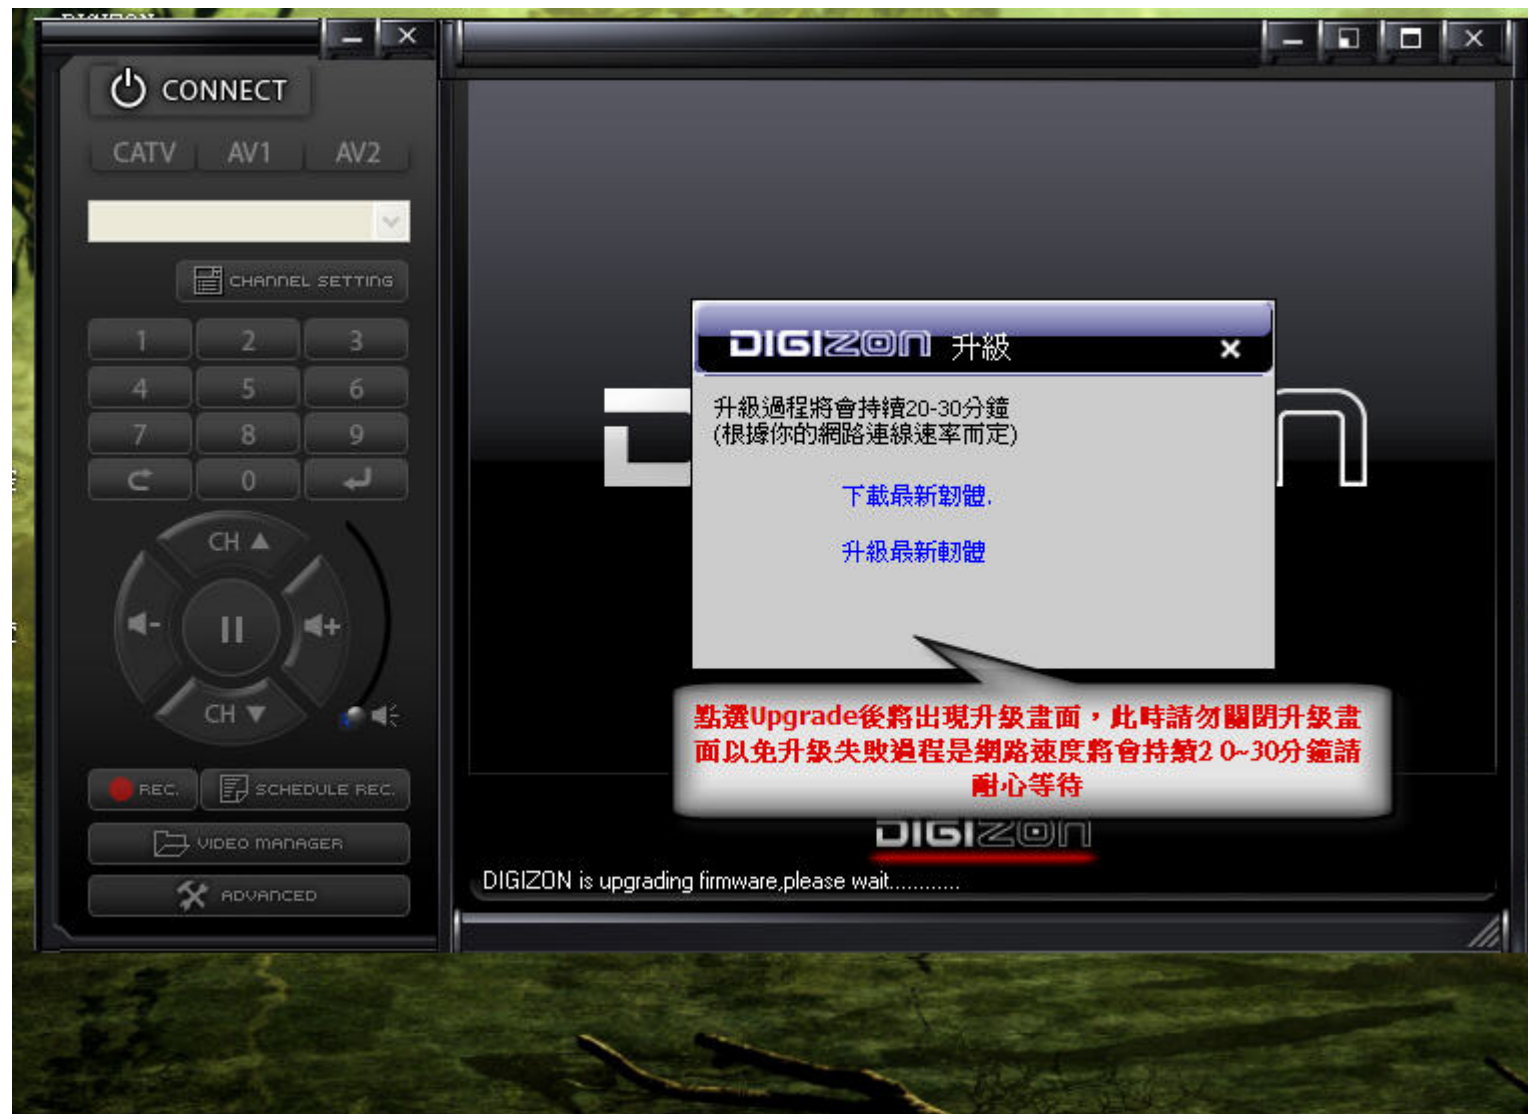

The screenshot shows the DIGIZON Advanced Settings Management window. On the left is a control panel with a 'DISCONNECT' button, input selection (CATV, AV1, AV2), a channel dropdown (CH56), a numeric keypad, and buttons for 'CHANNEL SETTING', 'REC.', 'SCHEDULE REC.', 'VIDEO MANAGER', and 'ADVANCED'. The main window has tabs for '偏好', '更改密碼', '時間設定', '網路設定', '無線網路設定', '頻道掃描', 'AV頻道設定', and '說明'. The '說明' (Description) tab is active, showing '播放器版本' (DIGIZON-V.1.5.016) and '軟體版本' (4.8.74). A message states 'DIGIZON detected a new version firmware' with an 'Upgrade' button. A table lists system information. A callout box points to the 'Upgrade' button with the text '2、點選Upgrade升級軟體'. Another callout box points to the 'ADVANCED' button with the text '1.連進去機器後，請點選advanced進入設定選單'.

1. 連進去機器後，請點選 advanced 進入設定選單

2. 點選 Upgrade 升級軟體

| 項目 | 設定 |
|---------------|-------------------|
| 輸入 | CH56 |
| Clients Count | 1 |
| Player 位址 | 61.219.228.83 |
| DIGIZON 位址 | 203.70.197.48 |
| DIGIZON UUID | 20D33400 |
| 軟體版本 | 4.8.74 |
| 播放器版本 | DIGIZON-V.1.5.016 |
| CPU Frequency | 266 |
